Why should you apply...

Do you want to build the future together with us? We - as an innovative company in a traditional industry - develop the future. **You can be part of this unique project.** We are looking for innovative partners to realize our visions.

In return, **you will gain** an unique insight into the glass industry. For that we will accommodate you in our hotel in Bärnbach and offer you a tour through our production facility. Our employees will be happy to answer your most urgent questions in personal meetings.

Your success is also important to us - therefore we are happy to support you with knowledge and know-how. Furthermore we would like to offer you a workshop of 5 hours of a renowned management consultancy. Sometimes a good idea just needs some inspiration.

Our major topic is ...

STOELZLE GLASS GROUP

With your help we want to find new ideas to make our glass not only well produced ...

Through your technology our glass should communicate its production details, information about the product itself and much more.

Long story short: We want to produce smart glass that communicates along the whole value chain:

- Production
- Distribution
- The pharmacy
- ... and the customer

... but also well educated
